

Hi! My name is Riley. I'm going to see the Dentist today. You can come along too!

When I get inside, I let the lady at the Front Desk know I'm here. Then, I sit in the Waiting Room. The Dentist has some magazines. This toucan is really neat!

After a few minutes, they tell me the Dentist is ready to see me. Let's go!

This is the Dentist. His name is Dr. Carlson.

Dr. Carlson takes me to a room where I get to sit in a comfy chair. Dr. Carlson explains that he is going to look at my teeth today to make sure they are healthy.

Next, he takes me to a room where they have a camera for taking pictures of my teeth. It's called an X-ray. You get to wear a vest when they take the pictures. It's a little heavy, but not too bad.

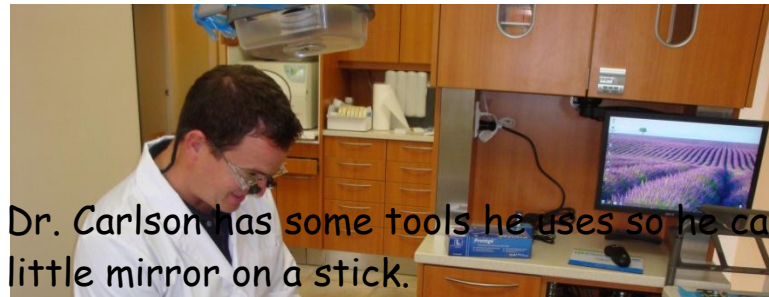

After the X-ray, I go back to the comfy chair. Dr. Carlson puts this napkin on me to keep my clothes clean. Then, he puts on his gloves.

Dr. Carlson wears special dentist glasses called "Loops." They help him to see my teeth better.

Dr. Carlson also uses a light to help him look in my mouth.

Dr. Carlson has some tools he uses so he can get a good look at my teeth. One of his tools is this little mirror on a stick.

I open my mouth really wide and Dr. Carlson uses his special mirror to look at each of my teeth.

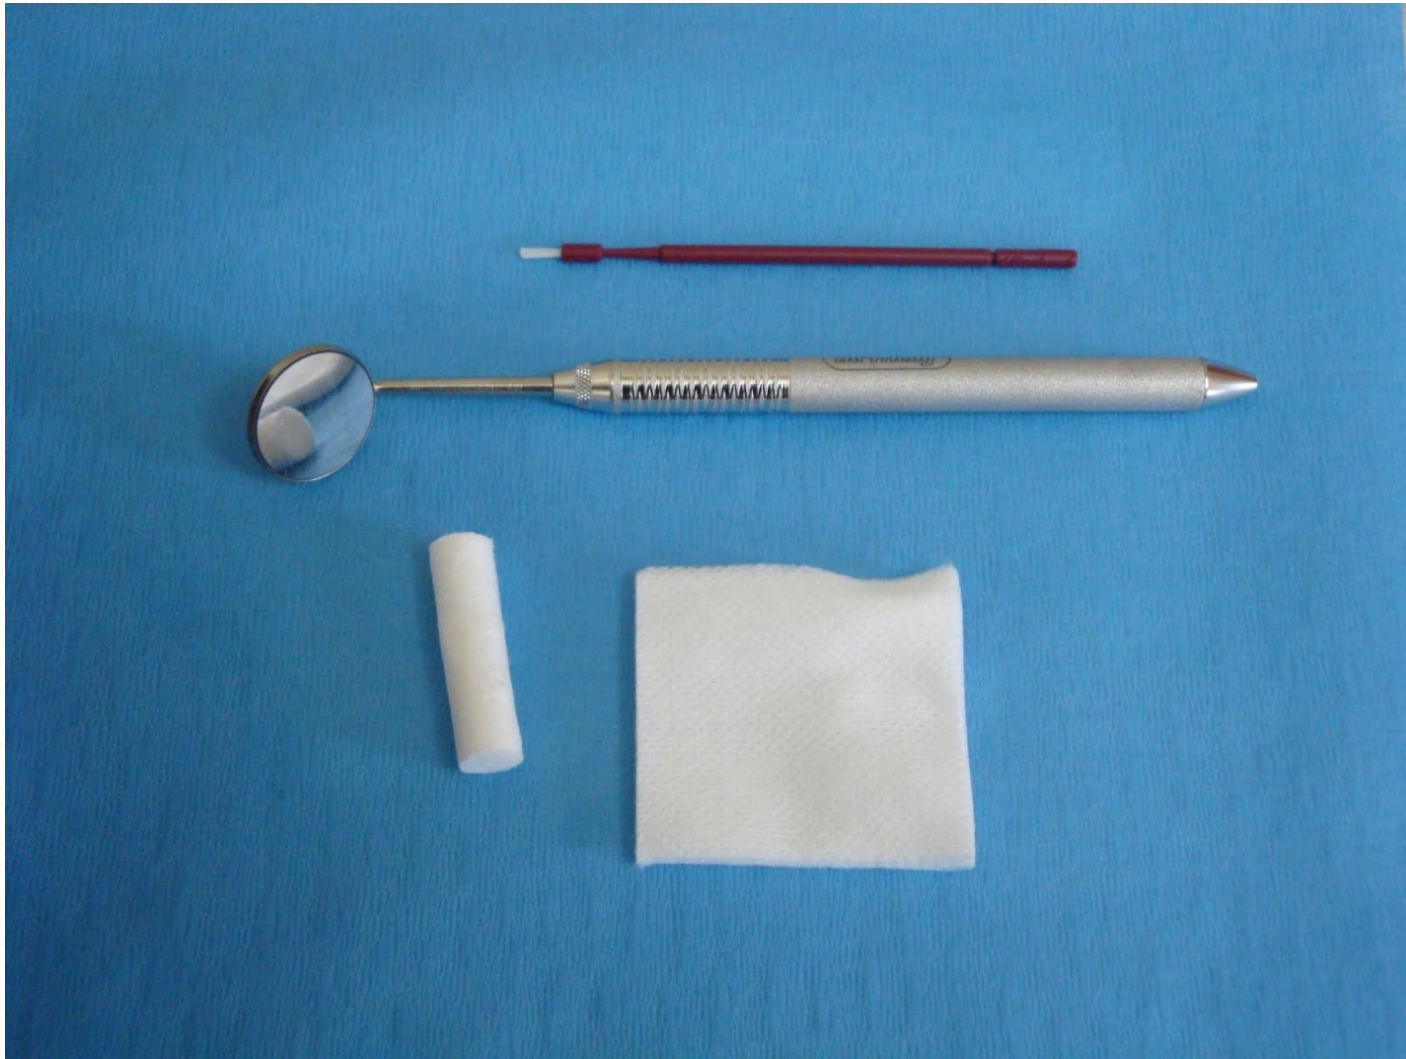

He uses this sprayer to put some air and then a little water on my teeth.

Dr. Carlson sucks up the water in my mouth using this special straw.

To get my teeth shiny and white, Dr. Carlson uses a little brush with some minty paste on it to polish my teeth.

Here are some of the tools Dr. Carlson uses to check my teeth. There's that mirror on a stick!

I'm glad I went to the dentist today because I want to keep my teeth healthy. Dr. Carlson was nice. He showed me all of his dentist tools and let me ask questions. Now I get to go to the toy box and pick out a special prize. See you later!
